★ हिंदी कहानी: मेहनत का पेड़ 🌳

एक गाँव में आरव नाम का एक लड़का रहता था। वह बहुत आलसी था। उसे खेलना तो बहुत पसंद था, लेकिन पढ़ाई और घर के काम से वह हमेशा बचता था। उसकी दादी उसे समझाती थीं, “मेहनत का फल हमेशा मीठा होता है,” लेकिन आरव उनकी बात ध्यान से नहीं सुनता था।

एक दिन गाँव में “सबसे सुंदर बगीचा” प्रतियोगिता होने वाली थी। जीतने वाले को एक बड़ा इनाम मिलने वाला था। आरव ने भी भाग लेने का सोचा। उसने जल्दी-जल्दी कुछ बीज मिट्टी में डाल दिए और फिर दोस्तों के साथ खेलने चला गया।

दूसरी ओर, उसकी दोस्त सिया रोज अपने पौधों को पानी देती, घास साफ करती और उनकी देखभाल करती। कुछ दिनों बाद सिया के पौधों में सुंदर फूल खिल गए, जबकि आरव के गमले सूखे पड़े थे।

प्रतियोगिता के दिन सब लोग सिया का बगीचा देखकर खुश हो गए। गाँव के मुखिया ने सिया को विजेता घोषित किया। आरव उदास हो गया। दादी ने प्यार से कहा, “बेटा, बिना मेहनत के कोई पेड़ फल नहीं देता।”

उस दिन के बाद आरव बदल गया। वह रोज समय पर पढ़ाई करने लगा, घर के काम में मदद करने लगा और अपने छोटे बगीचे की देखभाल भी करने लगा। कुछ महीनों बाद उसके बगीचे में भी रंग-बिरंगे फूल खिलने लगे। अब गाँव वाले उसकी मेहनत की तारीफ करते थे।

COMPREHENSION PASSAGE

★ Read the passage carefully and answer the questions. ★

The River's Gift

Rivers are one of nature's greatest gifts. They begin as tiny stream high in the mountains and flow across valleys and plains before reaching the sea. On their way, they bring life to everything around them.

People depend on rivers for many things. We drink their water, use it to grow crops, and generate electricity. Animals and birds also rely on rivers for food and shelter.

However, rivers are in danger. Pollution, plastic waste and the wastewater from factories are harming them. Trees are being cut down near riverbanks, causing soil erosion and floods.

We must protect our rivers. We can keep them clean by not throwing garbage in them and by saving water. Planting trees and spreading awareness are also important steps.

A clean river means a healthy environment and a better future for all.

A. Choose the correct option.

- Where do rivers begin?
 - In the sea
 - In the desert
 - In the mountains
 - In the city
- What do people use river water for?
 - Only drinking
 - Only growing crops
 - Only generating electricity
 - All of these
- What is harming our rivers?
 - Clean water
 - Planting trees
 - Pollution and plastic waste
 - Animals
- Cutting down trees near riverbanks can cause _____.
 - Rain
 - Soil erosion and floods
 - More crops
 - Cool weather

B. Write 'T' for true and 'F' for false.

- Rivers begin in the mountains.
- Rivers are not useful for animals and birds.
- Factories do not pollute rivers.
- We should throw garbage in rivers.
- Planting trees helps protect rivers.

C. Fill in the blanks.

- Rivers bring life to everything _____ them.
- People use river water to grow _____.
- Pollution and plastic waste are _____ to rivers.
- Cutting trees near riverbanks can cause _____.
- A clean river means a _____ future.

D. Answer the following questions.

- Why are rivers called one of nature's greatest gifts?

- How do animals and birds benefit from rivers?

- What are some ways in which rivers are in danger?

- What can we do to protect our rivers?

E. Find words from the passage that mean:

- a very small stream of water _____
- land that lies between mountains _____
- removing trees from a large area _____
- making people aware of something _____

F. Think and answer.

If there were no rivers, how would our life be different? Write your thoughts in 3-4 sentences.
